D. F. Tribou has returned from a business trip to Boston.

John Cook, one of Ellsworth's oldest citizens, is dangerously ill.

Monaghan will open his dancing school at Odd Fellows hall Thursday evening, Nov. 23.

The W. C. T. U. will meet Thursday at 2 p. m. at the home of Mrs. William T. Moor, on Fourth street.

James Stockbridge and Andrew McFarland got a deer this morning at McFarland's camp at Patten's pond.

Monaghan will furnish music for a dance at Rural hall, East Surry, Monday night, and at Hancock Friday night.

I. L. Halman returned Saturday from a trip "over the burning sands" to Montreal with Kora Temple, Mystic Shrine.

Dr. E. L. Mason will practice dentistry in this city this winter. His rooms are at his father's residence, No. 18 High street.

E. B. Mears, of Bar Harbor, is in Ellsworth for the winter. He will continue reading law in the office of Hale & Hamlin.

Owing to the storm the vesper service arranged for last Sunday at the Unitarian church was postponed until Sunday, Nov. 26.

The Trenton lumber company this week begins the shipment of box shooks to Boston. Several loads will be shipped this fall.

Miss Annie McKenzie, who has been employed by the Northern telegraph company at Bangor for several months, has returned home.

Embert C. Osgood left Saturday for a trip through Maine, New Hampshire, Vermont and Massachusetts, selling the Osgood patent snowplow.

The old Ellsworth schooner "Loduskia", which was hauled off the rocks near Stonington and taken to Belfast for repairs, is again afloat and ready for business.

Fred H. Bartlett, who has been occupying the Hagerthy house on School street a short time, has been appointed station agent at Jay, and moved his family there last week.

The union Thanksgiving service in Ellsworth this year will be held at the Unitarian church. Rev. J. M. Adams, of the Congregational church, will preach the sermon.

P. H. Stratton, who has been on a business trip to Boston, is expected home tonight. His wife and daughter Vivian, who have been visiting in Massachusetts several weeks, will accompany him.

A bay window is being built on the Grant street side of the Hancock house. The window runs up two stories, and will make very pleasant rooms of the parlor and the room above. An addition is also being built on the rear of the hotel.

One of the best minstrel troupes that has visited Ellsworth recently was that of Culhane, Chase and Weston, which played at Hancock hall Thursday night. The tumbling acts and club-swinging were especially good. The orchestra was an excellent one.

William Blaisdell, the blacksmith, had his hand cut this morning by a flying scale of steel. The wound was slight, but the veins in the back of the hand were severed, and it bled profusely, requiring the services of a physician. Dr. Hagerthy dressed the wound.

Mrs. Julia A. Williams, widow of Rev. N. M. Williams who was pastor of the Baptist church in Ellsworth some thirty years ago, died last Friday in Boston, aged eighty-six years. Mrs. Williams, during her residence in Ellsworth, held a large place in the hearts of the people.

Miss Maude Smith, of Harrington, is the guest of Miss Harriet Mason in this city. Her mother, Mrs. Gilman P. Smith, after a few days in Ellsworth, left last Saturday for a visit to her daughter, Mrs. George E. Parsons, in Bluehill, where her daughter Maude will join her later.

For the benefit of the Onasouson club several of the music pupils of Mrs. Hathe-way, assisted by some of the pupils of the high school, will give an entertainment on Dec. 2, at the high school house. The new piano will be used, and the proceeds will go towards paying the balance due on the instrument.

The reading by James A. Coleman, of the East Maine conference seminary, at the Methodist church last Thursday evening afforded a delightful evening for the few who availed themselves of the opportunity to hear this capable reader. The selections were of a varied nature, and all were excellently rendered.

The Dirigo athletic club is busy preparing for its annual Thanksgiving concert and ball on the night of the 30th. The concert is to be given by "The Three

Bostonians", whose entertainment is highly spoken of by all who have heard it. The music for the ball will be furnished by Monaghan's orchestra of eight pieces.

Mrs. E. K. Hopkins has returned from Brookline, and is occupying her house on Hancock street. Mr. Hopkins expects to return shortly.

Roderick McDonald has returned from a trip up river. He has a crew at work building a camp, and will soon have a crew cutting hardwood timber. Besides the timber which will be cut and driven, the hardwood factory is arranging to buy hardwood logs at the mill. It is hoped to have in the neighborhood of 1,000,000 feet ready to saw in the spring.

At the home of the groom on Water street Saturday evening, Miss Beulah M. Reed and Frank H. Echenaguel, both of Ellsworth, were married by Rev. J. P. Shumton, of the Methodist church. Only members of the families were present. Refreshments were served. The young couple have many friends in Ellsworth, who extend congratulations.

The woodwork about the chimney at A. R. Devereux's house on Birch avenue caught fire last Sunday from a burning chimney. The fire had evidently been smoldering for some time, and when it was discovered in the evening, it had eaten its way for some distance between the walls and beneath the floor of the attic. The fire was extinguished without calling in the firemen. A veritable blizzard was raging at the time, and the possible results, had the fire gained greater headway, are not pleasant to think of. The loss is covered by insurance.

The Baptist society held its annual parish meeting last Thursday night. J. G. Leighton was chosen moderator, Mrs. J. G. Leighton, clerk. Other officers elected were E. S. Means, treasurer; Rev. C. S. McLearn, auditor. Prudential committee, J. G. Leighton, chairman; E. L. Curtis, James L. Cook, G. W. Thurber, Edgar Strout. Finance committee, Mrs. E. L. Curtis, Mrs. James L. Cook, Mrs. S. J. Maddocks, Mrs. Rosa Holt, Mrs. Josephine Farrell. Pulpit committee, E. L. Curtis, G. J. Whitaker, E. E. Tinker, Miss Florence Curtis, Mrs. A. M. Franks.

There will be a union mass meeting of citizens at the Congregational church on Sunday evening at 7 o'clock, to discuss the menace to the American home threatened from Utah. Addresses will be made by pastors and others, and resolutions will be offered asking our representative in Congress to vote against seating Congressman-elect Brigham H. Roberts, the polygamist. Evening services in the other churches at this hour will be omitted. It is hoped that all who realize the necessity of maintaining the integrity of the home will show their interest by being present at this meeting.

An attempt to break from the county jail was discovered by Sheriff Hooper this week. The prisoners had dug through three tiers of brick, leaving only one more between them and liberty. The prisoners implicated were William Albert, the colored man who was convicted of swindling the Bar Harbor Chinese laundryman; J. C. Johnson, the alleged publisher's agent, who tried his game on Deputy Sheriff Genn, of Bucksport, and "Wood" Webster, who was sent up from Deer Isle for assault. All were serving short sentences. As a result of their attempt to escape they are now deprived of the freedom of the corridor, and are locked in their cells.

Lawyers Hamlin and Peters have completed the work of obtaining the five pieces of property on Frenchman's bay which are under consideration as a site for a coal station. Next week Rear Admiral Bradford is expected here to examine the bonds and make his decision which, if either, of the pieces of property will be purchased for a coal station. As previously stated in THE AMERICAN the five pieces of property under consideration are at Salisbury Cove, West Gouldsboro, Hancock Point, Long Porcupine Island and Lamoine Point. The latter is most in favor in Ellsworth and seems to have several advantages which the others lack.

The schooner "Mary C. Stuart", Capt. J. Atwood Bowden, of Ellsworth, went ashore last Sunday near Point Lookout, south shore of Long Island, five miles west of Fire Island light. The crew was taken off by the life-saving crew. Bert Pomroy, an Ellsworth man, was one of the crew. The schooner was loaded with coal, bound from Philadelphia for Portland. A later despatch from Fire Island says the schooner will be saved, but that the cargo must be thrown overboard to float her. The "Stuart" was built at Bluehill in 1890, and registered 183 tons net. Her principal owners are Crabtree & Havey, of Sullivan, and other pieces are owned in Ellsworth.

Dr. Mary Burnham, daughter of Mr. and Mrs. O. R. Burnham of this city, who is now engaged in the missionary field in China, now lives in her own home there. The house was built last summer, according to her own plans, with money presented for the purpose by one of the missionaries at the station. Miss Burnham has mastered the Chinese language, and still writes enthusiastically of her work. In a recent letter home she tells of a telegram received from a neighboring mission asking for troops for protection of foreigners. It was learned later that there had been an uprising of a sect known as the "Big Knife society", which had for its purpose the extermination of all foreigners. China, where Miss Burnham is located, is the headquarters for governor and troops, and hence there is no danger from attack.

Disguised by the New York papers under the name of James Higgins, it was a former Ellsworth boy who proved a hero

at a recent fire in New York city. Brace H. Higgins, a son of the late R. W. Higgins, of this city, is a bookkeeper in the excelsior and feather mattress factory of the Pomeroy & Gambell Co., Mott street. Last week the factory caught fire. The New York Journal says: "Many thrilling scenes followed, but all of the employees escaped. An act of heroism probably never before attempted in a building on fire filled with such inflammable material, marked this fire. James [should be B. H.] Higgins, the bookkeeper, ran the elevator up to the third floor and rescued five girls. The fire had then begun to roar through the whole floor. The elevator shaft is the flue of fires, the place of greatest danger, and Higgins' coolness and daring are enhanced by this fact."

A. A. Carr, bookkeeper for William Kenefick, one of the principal contractors in the building of the Washington County railroad, left last week after two weeks in Ellsworth settling up a few claims against the contractors. Mr. Carr will go to his home at Ottumwa, Iowa, for a short visit, before returning to Petersburg, Va., where Mr. Kenefick is now at work on a railroad contract. Mr. Kenefick also has a large contract in Ireland, and is interested in work in China. During his visit here Mr. Carr told a representative of THE AMERICAN that it was still common talk among railroad contractors that the Washington County road would be extended across the State to a junction with the Grand Trunk, probably within three years. The carrying out of the plan has been retarded, but not abandoned by the death of Calvin S. Brice and John G. Moore, who were the principal financial backers of the road.

Ellsworth will see the meteoric display if it comes on schedule time, and if clouds do not hinder. Astrologists have promised a brilliant display of meteors for tonight or to-morrow—a repetition of the memorable showers of 1833 and 1866. The height of the shower is expected between midnight and dawn to-night, and if it comes with the brilliancy promised, it will be well worth sitting up all night to see. But Mayor Greely, with customary thoughtfulness, has hit upon a plan which obviates this hardship; and Officer Lord, the night guardian of the city, will do the watching for you. If the stars begin to shoot around promiscuously to-night, Officer Lord will ring the Congregational church bell that you may get up and see "the greatest show on earth"—there won't be another chance until 1932, and some of us won't be here then. So if you hear the church bell ring to-night, don't think it's a fire. If you are not awakened by the bell, you may sleep the sleep of the just, conscious that you haven't missed anything. If some of the young people are afraid to trust to the watchfulness of Officer Lord, they might do their own watching. This is merely a suggestion.

It will not be a surprise to any who are at all familiar with the good qualities of Chamberlain's Cough Remedy, to know that people everywhere take pleasure in relating their experience in the use of that splendid medicine and in telling of the benefit they have received from it, of bad colds it has cured, of threatened attacks of pneumonia it has averted and of the children it has saved from attacks of croup and whooping cough. It is a grand, good medicine. For sale by GEO. A. PARCHER, Ellsworth, and W. I. PARTRIDGE, Bluehill, druggists.

**Business in Ellsworth Post-Office.**  
From October 3 to and including November 6, thirty-five days in all, the Ellsworth post-office was obliged to weigh all matter going out of the office and keep a correct account thereof. The figures which show the amount of mail handled at the Ellsworth post-office will be a revelation to the people of Ellsworth. The total amount of first class matter mailed at the Ellsworth office during the time the record was kept was 508 lbs. 15 oz. Estimating fifty letters to the pound, which is about the average, this represents about 25,450 letters sent out of Ellsworth in thirty-five days—an average of over 700 a day.

During the same time 1,153 lbs. 11 oz. of second class matter, 256 lbs. 6 oz. of third and fourth class matter, and 22 lbs. 9 oz. of government free matter originated in the Ellsworth office.

But this is not all. The Ellsworth office is the distributing office for a number of county offices on stage routes centering here, of which it also had to keep account. From these offices were received 585 lbs. 1 oz. of first class matter (representing about 29,250 letters), 376 lbs. 6 oz. of second class matter; 384 lbs. of third and fourth class matter; 22 lbs. 9 oz. of government free matter. From the Ellsworth office is also sent out 9 lbs., 12 oz. foreign mail—approximately 500 letters.

Besides this great amount of mail matter, the office handles in the course of a month mail pouches and sacks which run up into the tons.

There is some business done in the Ellsworth post-office besides answering calls at the window.

**For New Road at Seal Harbor.**

The county commissioners have gone to Seal Harbor to-day for a hearing on petition of George P. Cooksey and 111 others for a change in the town road from Bar Harbor to Seal Harbor, so as to go around the long hill near the store of S. M. Walls at Otter Creek.

The proposed road is 3,997 feet long, and passes over land of A. B. Leland, Daniel Eppes, the David Bracy estate, W. T. Walls, L. B. Deasy, Giles, Phillips and Whiting, E. Stanley, F. Stanley, John Stanley and Willis Walls. About 2,400 feet of the proposed road is in Mount Desert and 1,500 in Eden.

The petitioners ask that no portion of the present highway be discontinued, but that common convenience and necessity require that a new highway be located over the route above described.

## A PEACE PROTOCOL.

## Proposition which may Settle Religious Differences in East Franklin.

For some two years the little community of East Franklin has been divided in its religious work, on account of denominational feeling among the people.

Prior to two years ago, all the people worshipped together under the name of Christian Endeavorers. As a matter of fact the people are denominationally divided in about the following proportion, two-thirds Methodist and one-third Free Baptist. But the place being so small—only thirty-five families in all—they felt that as Christian Endeavorers they could work on a common ground for the spiritual advancement of the community without the friction and jealousy that usually exist in small places where two or more denominations are represented. The result of this was a Y. P. S. C. E. of from seventy-five to eighty active members, and about twenty-five associate members, and a C. E. Sunday school with a membership of 125, and an average attendance of seventy-five. These two organizations did splendid work, in the winter of '97, and the records show that the number of conversions reached the grand total of twenty-eight.

About this time questions arose that eventually resulted in the separation of the people, the Free Baptist reorganizing their church, Sunday school and young people's society, and the Methodists affiliating their Sunday school and young people's society with the Methodist church at the village, each holding their services by themselves.

The difficulties which arose and the discussion which attended this disunion gave rise to more or less hard feeling and strained family relations, all of which things have retarded religious work and lessened the good influence that usually attend Christian effort.

But now the people are becoming conscious of this sad condition, and, as a result, a plan for reconciliation is being brought before the community. It is recognized that to have the matter settled permanently, it must be on a basis that will remove the cause of strife, which is denominationalism. This is the plan proposed:

First, It is asked that the Methodists concede every other Sunday to the Free Baptists.

Second, That the Free Baptists dissolve their church organizations.

Third, That the Methodists dissolve their Sunday school.

Fourth, That the Free Baptists dissolve their Sunday school.

Fifth, That the Methodists cease all denominational work.

Sixth, That the Free Baptists cease all denominational work.

Seventh, That one society, that shall be known as the Undenominational Christian Endeavor, shall be organized.

Eighth, That one Sunday school shall be organized, to be known as the Undenominational Christian Endeavor Sunday school.

Ninth, That the time shall be equally divided between the Free Baptist and Methodist preachers.

Tenth, That all money collected from the Sunday school shall be used to advance Sunday school work.

Eleventh, That all money collected from Y. P. S. C. E. shall be used to advance C. E. work.

Twelfth, That the ministers' salaries shall be paid by subscription and collections, each paying what and to whom he prefers.

Thirteenth, That in the near future a Christian Endeavor chapel be built with the funds now on hand and what may be collected hereafter for that purpose, to be owned and controlled for all time by said society.

Fourteenth, That the peace of God and the fellowship of His spirit be with this effort.

Last Sunday Mr. Lombard, the Methodist minister, laid this plan before his people, saying it met his fullest approval. The vote to accept it was unanimous.

The Free Baptist people now have the matter under consideration, and in all probability will vote to accept it.

Speaking of the proposed consolidation of religious interests, an Ellsworth pastor said recently: "It is refreshing to notice, not only in East Franklin but in other places as well, this breaking down of denominational lines and prejudices, that the cause of God may prosper. It is an indication that the peoples are getting a more intelligent idea of the Bible are entering more and more into the spirit of its teachings."

## NARROW ESCAPE.

## Deer Isle Sailors Four Days in Rigging of Wrecked Vessel.

The Italian bark "Salvatore" arrived at Gloucester, Mass., from Italy, last Wednesday, having on board Capt. A. T. Dyer and the shipwrecked crew of the schooner "Wm. F. Downes," of New Haven, bound from Savannah to that port with hard pine. The rescued men are Capt. A. T. Dyer, Deer Isle; H. P. Smith, Deer Isle; Engineer F. P. Marshall, Deer Isle; Jacob Dahl, Jacob Thompson, Charles Johnson, Lewis Johnson, Alexander Skova, all Norwegians.

The "Downes" left Savannah Oct. 26, had fair weather until Oct. 30, when she ran into a northeast gale, forty-five miles south by west of Hatteras. Capt. Dyer tells the following story of the wreck.

It began blowing about dark and the gale kept constantly increasing until about eleven o'clock, when it was a genuine hurricane. About 8 o'clock the vessel began to show signs of leaking. Soon a tremendous sea struck her and hove the deck-load to leeward. The shifting of the deck-load opened the seams, and the schooner began leaking badly. By midnight she was full of water, with decks awash, compelling the men to take to the rigging. Until daylight matters were desperate. The topmast, booms and sails were carried away.

With the coming of dawn the horizon was scanned for a friendly sail, but none was sighted, and then for four days lashed to the rigging and exposed to the elements and practically without food the men passed a harrowing existence. The storm raged for two days, but abated on the third. At the end of the fourth day the "Salvatore" was sighted and effected their rescue.

The "Downes" was owned by E. H. Weaver and others of New Haven, and was valued at about \$25,000. The cargo was valued at about \$10,000. She was a fine vessel of 713 tons gross, and was built in Bath in 1885.

## Ashore on Gott's Island.

The schooner "Neptune," Capt. W. O. Berry, from Machias for Pawtucket, R. I., with lumber, went ashore on Gott's Island Sunday.

The "Neptune" registered 92.77 tons net, and was owned by Small Bros., of Machiasport. She was rebuilt last year.

The schooner was hauled off to-day by the fishing tug "Ira Collins," and towed to Southwest Harbor, where she now awaits adjusters.

## FOOTBALL SCHEDULES.

## Dirigos.

Nov. 30—University of Maine at Ellsworth.

High School.

18—Brewer at Ellsworth.

20—Hamden at Ellsworth.

25—Hamden at Hamden.

The Dirigos sent a crippled team to Bar Harbor last Saturday and met defeat heroically for the sake of keeping the engagement. The result of the game was a foregone conclusion—it was only a question of the size of the score. Bar Harbor rolled up a score of 26-0.

NEXT SATURDAY'S GAME.

Next Saturday afternoon the Ellsworth high school team will play a team from Brewer. The visiting team will not be a strictly high school team, and will give the Ellsworth boys a hard game.

And by the way, while the little high school team has been putting up the prettiest kind of a game, it has been running behind in gate receipts. This is not wholly due to lack of public support, but partly to an unfortunate succession of unpleasant days on which games were played at home.

Every friend of the team should turn out next Saturday, not only for the purpose of seeing a good game, but to give the boys a lift "out of the hole."

ELLSWORTH HIGH, 21—CHERRYFIELD, 11.

The Cherryfield academy team was defeated for the second time by Ellsworth high at Ellsworth Saturday. Score, 21-11.

In the first half the game was too one-sided to be interesting. Ellsworth kicked off to Cherryfield. The second time the ball was put in play Cherryfield lost it on a fumble, and did not get its hands on it again during the half.

In the second half things were different. Ellsworth was crippled by the loss of Joy, the full-back, and Hurley, at right end, was playing with a sprained wrist. Cherryfield got into the game in much better shape than before, and scored two touchdowns.

## It's Impossible

To Dispute Facts. It is Decidedly Easy to Verify Ellsworth Opinion.

Nothing by way of introduction could be added to the experiences and opinions given below, which could increase their value. Ellsworth people can safely be left to draw their own conclusions based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-the-wool doubting Thomas?

Mr. John Chapman, of Spring St., near Birch avenue, says: "I have been so lame in the back that it was hard to get around. At times it was so painful that I was in misery, and at night I was annoyed with a urinary weakness which prevented me from sleeping well. I spent dollar upon dollar trying to be cured, but I remained about the same. My wife saw an account of Doan's Kidney Pills in one of the Bangor papers which impressed her so that she went to Wiggins' drug store, got a box and insisted on me using them. They did me a wonderful amount of good, more than anything I ever used."

For sale by all dealers; price 50 cents a box. Mailed on receipt of price by Foster-Milburn Co., Buffalo, N. Y., sole agents for the U. S.

Everett, Mass., came home last Saturday and returned to-day.

Mrs. Clara L. Stansfield, with her boy Gilbert, who has been visiting in Sullivan, returned last Tuesday.

Mrs. Charles A. Candage, who is ill with the dropsy, left Thursday for the Maine State hospital in Portland. Dr. Otis Littlefield accompanied her.

W. F. Chapman, who has been at work in North Jay, came home last Saturday with his left hand badly jammed. He will be unable to work for about two weeks.

Edwin W. Barton came here from Bangor last Thursday on his bicycle. He intended to return yesterday, but he didn't—"The best laid plans of mice and men," etc.

The grammar school pupils gave an ice-cream social at Grange hall last Saturday evening. They are trying to raise enough money to buy a bell for the school-house.

Last Thursday as James R. Ashworth, Lowell Young and A. Nelson Howard were returning from Newbury Neck they espied a deer swimming from Cook's Point towards Long Island. They immediately gave chase and soon overtook the fleeing animal. James R. having his fowling piece, opened fire. After he had fired three times, the deer looked back over his shoulder, as much as to say: "What are you going to do about it?" Exasperated at the persistent obstinacy of the contumacious deer, James had the boat rowed alongside and placing the muzzle of his gun to the deer's head, pulled the trigger. Every particle of life in the deer was extinguished by the discharge.

## STATE OF MAINE.

HANCOCK ss.—In the Supreme Judicial Court.

RESPECTFULLY represents George B. Cooksey, of Irvington, in the county of Westchester and State of New York, that he seized in fee simple and as tenant in common of and in certain real estate situated in the village of Seal Harbor, in the town of Mount Desert, in said county of Hancock, and bounded and described as follows, to-wit:

Beginning on the county road leading from Northeast Harbor to Otter Creek at a birch tree on the east side of land owned now or formerly by the heirs of Jacob Clement and running north five degrees east on said line to the south line of land formerly owned by Benjamin and Enoch Spry, the distance being one hundred and twenty-eight rods to a cedar stake; thence following said Spry line south eighty-four degrees east fifty-nine rods to a stake; thence south five degrees west one hundred and fifty-two rods to the road aforesaid; thence following said road in a westerly direction to the first-mentioned bound, containing fifty acres, more or less; excepting and reserving, however from the above a certain lot of land containing two acres and seventy rods, more or less, which is owned in severalty by the said Cooksey and which is thus described, viz: Beginning on the north line of the county road aforesaid on the line between land formerly owned by John Tracy and land owned or formerly owned by heirs of Jacob Clement; thence following said line by compass north eight and one-half degrees east twenty-six rods to a cedar stake; thence north eighty degrees east fifteen rods to a cedar stake and two spotted cedar trees; thence south eight and one-half degrees west twenty-six rods to a clump of maple trees on the north side of said county road; thence following the north line of said road south eighty degree west fifteen rods to the place of beginning.

That your petitioner is the owner of one undivided third part thereof together with Elizabeth H. Woodward, Emily A. Selden, Amelia C. Glover and Katherine M. Coggeshall, all of Middletown, Middlesex county, Connecticut, and Cynthia Moore, of Brockton, Plymouth county, Massachusetts, and Mary Fiske Stoughton, of Cambridge, Middlesex county, Massachusetts, or persons to your petitioner unknown, who are the owners of two undivided third parts thereof; and that your petitioner desires to hold his said interest in severalty.

Wherefore your petitioner prays that notice to all persons interested may be ordered, commissioners appointed and his said interest set out to him to be held in fee and in severalty.

Dated this twenty-sixth day of Sept., A. D. 1899.

by his attorney, J. A. Peters, Jr.

STATE OF MAINE.

HANCOCK ss.—Supreme Judicial Court, October term, A. D. 1899.

Upon the foregoing writ, ordered: That the plaintiff give notice to all persons interested in the property described in the petition to appear before the Justice of our Supreme Judicial Court, to be held at Ellsworth, within and for the county of Hancock, on the third Tuesday of January, A. ### Correspondence.

From Busby Camden.  
CAMDEN, Nov. 4, 1899.

To the Editor of The American:  
Since coming here, I have been so busy "catching on" to the work, laid down so long ago, I have hardly had time to think, let alone write.

There has been a wonderful change in Camden since I was here sixteen years ago, and the change is all for the better. Where there stood wooden buildings, there are now substantial brick structures. The summer resident is making himself quite a factor in the building up of the town; on every street you see large summer residences; then there are new mills, new industries, and a general air of thrift.

Among the busy places is H. M. Bean's shipyard. There are seventy-five men at work now on the schooner "Jennie French Potter". She is to be a five-masted schooner, 244 feet keel, 278 feet over all, 44 feet beam, and 22 feet hold. She is to be commanded by Capt. Potter, of New Haven, Conn.

The keel is laid for a four-master, for New Jersey parties. O. P. C.

### Deadheads are the Kickers.

Fate, with wonted levity, had thrown the sour and taciturn man into the company of the talkative citizen in the railway car.

"That was quite an interesting game of football, wasn't it?" said the latter, as he shoved a newspaper into the inside pocket of his fur-trimmed overcoat.

"I never read about football," was the solemn reply. "How true it is," he added almost tearfully, "that this world is but a fleeting show."

"Of course. That's one way of looking at it. I've felt that way about it myself. But let me ask you something. Are you putting in your money and hustling around to make this world any better?"

"What's the use?"

"Well, you'll excuse me for questioning you. But you referred to the world as a fleeting show. I'm a theatrical manager, and I'm interested in anything to show line. Now, I notice that you ain't in any hurry to get out of this world, are you?"

"No, I can't truly say that I am."

"That's all right. You didn't pay anything to get into this fleeting show, did you?"

"Certainly not."

"There you are. There's the old, old story right in a nutshell. I never in my life saw a deadhead who wasn't a kicker."

### Kidney Trouble Makes You Miserable.

Almost everybody who reads the newspapers is sure to know of the wonderful cures made by Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy. It is the great medical triumph of the nineteenth century; discovered after years of scientific research by Dr. Kilmer, the eminent kidney and bladder specialist, and is wonderfully successful in promptly curing lame back, kidney, bladder, uric acid troubles and Bright's Disease, which is the worst form of kidney trouble.

Dr. Kilmer's Swamp-Root is not recommended for everything but if you have kidney, liver or bladder trouble it will be found just the remedy you need. It has been tested in so many ways, in hospital work, in private practice, among the helpless too poor to purchase relief and has proved so successful in every case that a special arrangement has been made by which all readers of this paper who have not already tried it, may have a sample bottle sent free by mail, also a book telling more about Swamp-Root and how to find out if you have kidney or bladder trouble. When writing mention reading this generous offer in this paper and send your address to Dr. Kilmer & Co., Birmingham, N. Y. The regular fifty cent and dollar sizes are sold by all good druggists.

## A MAGAZINE FREE.

"Hundreds of well known real people cured by this new force." That expression was the magnet which drew an investigating Boston newspaper man. The demonstrator, Francis Truth, grasped with his right hand the right hand of the reporter. The sensation was as if an engine in Mr. Truth's body was pumping electric waves into the body of his subject. "There is no doubt but what I feel that," the newspaper man said. "It is not like electricity." Mr. Truth replied: "I have had scientific men say that surely I was in connection with an electric battery, but I have convinced them that it is not electricity. 'What is the power, then?' 'I do not know. It has always been with me, and the only thing I can say, or that I ought to say, is that it is a gift from God. I know that it is a force, a powerful, well-defined, but harmless force, which actually affects the patient, as he knows by his own knowledge—and that it accomplishes results. In other words, it cures!'"

## A WONDERFUL MAN'S POWER.

Physicians ask Mr. Truth why he has more patients than a dozen doctors. The only answer to this is that people who are sick want to get well, and they are quick to visit and talk with a man who can make them well. There is a bureau of correspondence in charge of Mrs. Truth, to whom women write, and if they hesitate to express the nature of their troubles to a man, they have the assurance that only Mrs. Truth sees their letters and that their confidences are kept inviolate. The absent treatment is the great feature of the Institute. Persons at a distance are treated as effectively as those at home. The office methods are those of the best business establishments, and are characterized by the same methods of integrity and faith-keeping.
